Since the early 1800s various groups have observed a day to display the American flag. Presidents Woodrow Wilson (in 1916) and Calvin Coolidge (in 1927) issued proclamations marking June 14 as National Flag Day. But it wasn't until August 3, 1949, that Congress approved June 14 as a day of national observance. President Harry Truman signed it into law.

The American flag has changed designs more than any other flag in the world. In fact, the United States didn't have a standardized flag until 1912! And even after standardization, the flag changed three more times with the addition of new stars representing new states.
